

## New Faces at RCS!

We are pleased to welcome Dylan Mucci and Frank Nuñez to the Right Click Solutions team! Last month, Dylan and Frank reached out to several of our clients to introduce themselves and ensure all was well with the client's technology. If you received a phone call from Dylan or Frank, now you can put a face to the voice!

Dylan started with Right Click Solutions in November of 2019 and since has enhanced his skillset in all aspects of IT. He is eager to learn and an enthusiastic team player who brings lots of energy to the office.

Dylan graduated from Hartwick College in May 2019 with a bachelor's degree in Computer Science. Dylan was a member of the Hartwick Hawks Varsity Football team his entire college career and was named team MVP in his senior year. He loves sports, video games, cars, music, and would like to create his own business one day in whatever passion he chooses to pursue.

Frank Nuñez is the newest Network Engineer at Right Click Solutions. Frank graduated from CUNY Lehman College with a bachelor's degree in Psychology and a minor in Childhood Education.

Years ago, Frank made a career change from Education when he realized how interested he was in the IT field. Before coming to RCS, he served as an IT consultant at a preschool and enjoyed being the "go to" person whenever a teacher or therapist needed help resolving their IT issues. He enjoys being a youth teacher at his local church and loves to worship while playing the drums.

*If you know any candidates interested in a career in the IT industry, in marketing, sales or customer service and they are a team player, inquire at 914-242-3212 or email us at [team@rcslc.net](mailto:team@rcslc.net). While some positions, may not currently be available, we are always looking for great talent.*

**We are fortunate to have these quality individuals join the  
Right Click Solutions Team!**
